

## Location & Map

Beaver Camp covers 90 acres, most of it undeveloped Adirondack woodland with hiking, skiing and nature trails. There are two sand beaches located on pristine Beaver Lake, which is nearly a mile square, plus several miles of navigable water on the adjoining Beaver River. If you have any questions contact [Mike Judd](#) , Program Director.

We have found Google Maps to be very accurate. However, regardless the map program you use to find us, please be careful to note the difference between County Route 26 (CR26) and State Route 26.
