LifeStream

Advanced/ IPI

After Basic...

The next step for people
who want to go deeper

Creating more leadership,
effectiveness, and results

Improving relationships
personal and professional

What is Advanced/IPI?

LifeStream IPI is a powerful and dynamic seminar designed to provide you with new perspectives about your self-limiting beliefs and behaviors, so you can make different choices. It can be difficult to surrender parts of ourselves that we have worked hard to develop, even when those behaviors prevent us from achieving significant life goals and results.

In IPI you will examine your created behavior patterns to see where you acquired them, why you maintain them, and how they affect your quality of life. The seminar provides an opportunity to look at your life deeply, dismantle your barriers to personal and professional effectiveness, and create the results you desire from life.

How does Advanced/IPI work?

IPI provides new and different perspectives for self-awareness, discovery of options, and an opportunity to take responsibility for choices made. In IPI you will learn tools that are designed to enable your real-time recognition of old thoughts, habits, and patterns — and replace them with new thoughts, intentions, and results that match your vision for your life.

During the seminar, you will discover ways to realize new levels of personal power and move toward the fullness of your unlimited potential.

Your IPI experience will deliver significant personal and professional development, relationship improvements, and personal fulfillment. The changes you define and create in IPI are for life.

Who takes Advanced/IPI?

LifeStream Basic lays the foundation on which the IPI experience builds, and is a prerequisite for all applicants. Like Basic, IPI is for those whose lives are already working and who now want to go from good to great. Remaining focused throughout the five days of the seminar is essential. Each participant is encouraged to finalize any external commitments before the seminar begins.

When is Advanced/IPI?

IPI is held in Rochester at different times during the year. The first portion of IPI is a five day residential seminar that begins with registration at 10:00am on Tuesday and goes until approximately 5:00pm on Saturday. The next portion of the IPI seminar is 6th Day, a full day program held on a Saturday one month later. An optional and highly recommended overnight follows 6th Day.

Class Size

Each IPI class is limited to 24 people. Register as soon as possible to reserve your place and get ready to create the life that you deserve!

Registration and Tuition

IPI tuition is \$1,050, which includes your room, meals and all aspects of the course including 6th Day. Your tuition must be paid-in-full one week before the beginning of IPI. A non-refundable \$200 deposit is due at registration.
